Perforce Completes BlazeMeter Acquisition

Blazemeter to Play Integral Role in Perforce Application Quality and Testing Portfolio

MINNEAPOLIS, October 30, 2021 – Perforce Software, a provider of solutions to enterprise teams requiring productivity, visibility, and scale along the development lifecycle, announced that it has completed the acquisition of the BlazeMeter Continuous Testing platform from Broadcom, [announced last month](#).

BlazeMeter further expands Perforce’s growing application quality and testing portfolio which includes Perfecto (mobile and web quality), and Helix QAC and Klocwork (SAST).

Large, global enterprises rely on BlazeMeter to ensure ongoing application quality as they innovate at speed. BlazeMeter enables teams to shift quality left, and right, with an testing platform that is suited for all testers in the organization. BlazeMeter began as the premier load and performance testing solution in the market and has evolved to add additional capabilities to speed and simplify testing across the SDLC.

BlazeMeter will expand the capabilities of Perforce’s application quality and testing portfolio. The teams have a shared vision and passion for innovation, solving challenges, and delivering value to customers.
